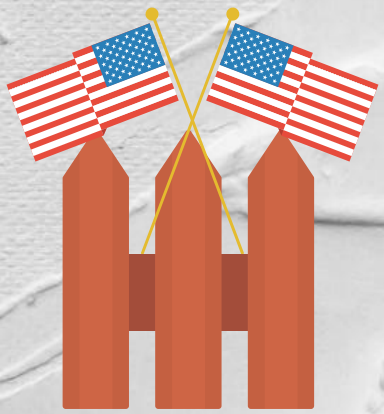
The united states Police force

Historically speaking, the Police in the united states originated from Nights-Watch Men and Slave Patrols who were primarily for-profit and were hired temporarily to protect and serve wealthy colonizers in america.



After slavery was considered illegal due to the Emancipation Proclamation of 1865 southern states who's main economic outlet slavery and slave work was destroyed

This led to the creation of the prison system which primarily targeted blacks.

In 1865 the Klu Klux Klan was created & from 1877 - mid 1960 Jim Crow laws were active.

On top of this the Klu Klux Klan have had historic active involvements with police.

The united states didn't even label a single white supremacist group until April 2020 & lynching hasn't been considered a **federal crime** over the last 120 years until February 2020.

People are calling for the defunding of police because of their historic presence and complicity in oppression of minorities and people deemed 'inferior' by the state.

I want to see a world where there are no cops and no prisons! Where community action and discussion is accepted as the better option where people build each other up instead of being *constantly suspicious* about their neighbors.

Orgins of the united states border patrol

In 1924 the Immigration Act was passed which vastly limited the amount of migrants coming to the united states

This lead to the complete exclusion of Asians, heavy exclusion of Southern & Eastern Europeans + the creation of a quota system which was set for most countries

Nativists & White supremacists were of course excited but, exempted Mexicans because they needed to exploit migrants in Texas and California.

This lead to *the brutalization of migrants* & war on drugs + war on immigrants

During the last years of WW1

THE UNITED STATES BORDER PATROL **TORTURED MIGRANTS** WHICH LED TO THE 1917 BATH RIOTS

During WW2 and in the Great Depression: citizens, non-citizens, women, men, & children were deported en masse for being perceived as 'Mexican' by border patrol agents

THE BORDER PATROL HAS A DEEPLY RACIST HISTORY WHICH CAN BE TRACED AND SEEN TODAY.

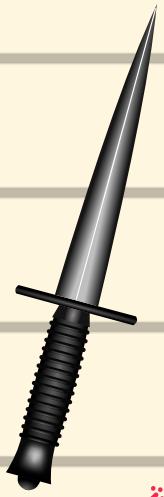
Orgins of united states militaty

Originally the united states military was created during the **1775 revolutionary war.** *This wasn't a military but rather part-time civilian-led militia.* **The Harmar's Regiment (1776 - Present)** & **The Old Guard (1784 - Present)**

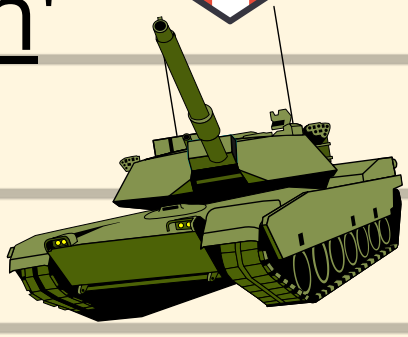


military is volunteer led

Their main purposes are to:

Defend the 'Nation'

(aka defend **stolen land**)



Protect Allies

(aka defend their war crimes and injustices)

Protect the 'Border'

(Demonize migrants and destroy their homes and create resentment and terrorism + have an entire war for oil and such!)

because I hate it when our rhetoric exaggerates, but where i'm from the police kidnap people every day/
